## Sorenson is Hosting an Interactive Workshop

### ASL Discourse: Beyond the Diamond

**Presenters: Christine Multra Kraft & Marlee Dyce**

**Presented in ASL / 0.2 RID PS CEUs**

ASL Discourse is diamond shaped and so much more!! In this 2-hour workshop, we will go beyond that diamond to explore key elements of ASL discourse and practice native ASL techniques to maximize space, perspective, and structure in your interpretations.

Current research will be shared with opportunities to analyze your work and practice integrating native signer techniques into your ASL discourse both during conversations and interpretations.

Join your friends and colleagues in an engaging environment. In lieu of a registration fee, we will be collecting a \$10 minimum donation for the Olathe Club of the Deaf.

Participants in need of special accommodations are asked to email

[workshops@sorenson.com](mailto:workshops@sorenson.com).

SVRS is an approved RID CMP sponsor for continuing education activities. Opportunity to earn 0.2 RID PS CEUs will be available to those who qualify. Knowledge content level for this workshop is SOME.
